59			14	SW gate (SE gatepost)
Finish -	at the triangle on the North			fence
Length	1.2km	1.9km	2.8km	
Climb	10m	20m	45m	

Read the map legend. Choose a course, allowing about 20 to 30 minutes per kilometre. On your map draw a line between the control circles for each leg of your course. Plan your route along the mapped paths, taking the controls in the order shown. On reaching your first control check that the number code on the marker post matches with that for your course on the above table. Repeat for all your controls. Next time, try a different course or even go round a course in the opposite direction. For team events write the letter code on each marker on your downloaded control card.

Protect your map with a clear plastic bag.

You take part on this permanent orienteering course at your own risk. Some paths are seasonal. Representation of a path does not imply a right of way. Possession of this map gives no right of access for orienteering or any other purpose.

PARKING

There is no dedicated car park. Please park with consideration on a nearby public road, but, please, not on Hivings Hill, which is on a bus route.
